# Find places faster with accurate last-mile search & eLoc

Easily find & navigate to your friend's house address with a smarter last-mile search. Get your eLoc - MapmyIndia's Nationwide Digital Address System - which gives a 6 character digital address for any place! Simply type the eLoc into the search bar for quickest address search

Accurate house address search

Quick search with eLoc

# Find nearby parking, petrol pumps, metro stations, and more!

Explore nearby ATMs, metro stations, public conveniences, petrol pumps, hospitals etc. with detailed information, reviews & ratings to help you choose
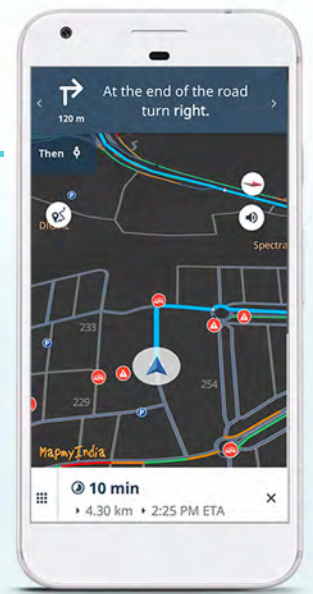

300+ Categories

1500+ Brands

Secure live location sharing

Share your location and let your loved ones know about your safety. Your location will continuously update for the set duration, and the link will expire thereafter

Voice-guided navigation

With the most accurate last-mile data, forget about asking for directions once you're in the neighbourhood we know how to get you to a house-address in time
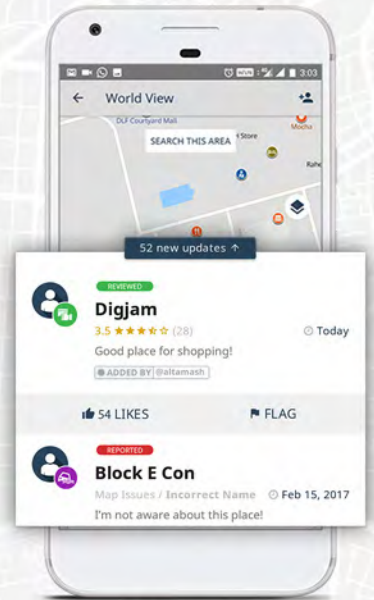

Stay updated about any locality through World View

World View is a live feed of ratings, reviews, check-ins & reports by friends, to give you a quick overview of localities, destinations for travel, interesting places to visit, where to live and much more!

Live feed

- Review
- Ratings
- Respond
- React
- Check-ins

Head Unit Display

The projection onto the windscreen of a car, allows the driver to keep his/her eyes on the road while navigating

- Less driver distraction
- Voice guided systems
- Enriched driving experience with navigation & driving data

Help your surroundings & civic authorities by reporting issues

Take charge of your area & make a difference by reporting issues on the map. For example, if you see litter on the street, help our government's Swachh Bharat mission by reporting it on the Map App!

Report issues like:

- Closed places, incorrect name, invalid road **Map Issues**
- Accidents, road work, hazards **Traffic Issues**
- Pot holes, litter, broken street light **Smart City Issues**

Driving Behavior

Collision Detection: Real-time collision detection and information sharing for immediate help
Driver Behaviour Analytics: Ensures safer driving and reduction of harsh driving/acceleration/braking/cornering, to increase car life longevity

Driver Fatigue Detection: Observed through continuous driving, night driving, phone usage & snooze detection to give alerts

Driver Distraction Detection: Detects phone usage for a safe drive

Digital Address: eloc.me/mmi000
