MapmyIndia A-MAX GP5A

Rs 20,900

The A-MAX 06GP5A from MapmyIndia has a 400 MHz Samsung processor and SiRF Star III GPS chipset. With this specific device, you can choose from the map of a single state or the all-India map. The all-India maps includes highly detailed, street and locality level navigable maps for 18 major cities (price shown if for all-India maps). The large 3.5" TFT touchscreen can also be used to display movies (supports AVI, MPEG, MOV) and photos (JPEG). With the 3.5 mm audio out, you can route music to your car stereo.
